Received a draft report on 7/12/12 for R3, Shaw metals, EPA GP Lab for DOC/DIC only, ALS alcohols, and IsoTech.

Anticipate today a draft report for: Shaw VOCs, dissolved gases, water isotopes, low molecular wt acids (HPLC), TestAmerica (MBAS), GP Lab for anions.

I anticipate Las Vegas and R8 tomorrow, but it may be Wed. I have asked the contractor for a date. Will let you know as soon as I hear.

What is the anticipated schedule for receiving ADQs back from Neptune? I realize that we are taking an educated guess, but I know HQ is going to ask about this.

Alice,
I'm sure you already have these dates, but I have updated the Pavillion sample tracking spreadsheet. Hope this is useful.
Thanks, Susan
